SEED LIST.

We have just finished packing out our seed orders and find we have the following surplus in seeds, 1930 crop, which we offer at a very low price.

TERMS: 30 Days Net; 2% Dis. 10 Days; 5% Dis. FOR CASH WITH ORDER.

Dealers and other large buyers may send list of wants for special quotations, if large amounts are wanted.

ORDER AT ONCE, low prices on freshly collected seed will be sure to cause heavy inroads on the list. Send in your orders at once, before the list is broken into.

We have small amounts in many other items, which we expect to plant, but might divide, in case of great need.

We have several hundred pounds of 1929 crop seeds, apparent in good order, at a lower price. Samples of 1929 crop seed submitted, if wanted.

Let your order come at once. First come, first served.

Please remember that most items listed are not found on ordinary seed lists. Also, the amount in many of them is small and won't last long.

It is likely we will make a new list of items we still have left in two or three weeks and will probable the 1929 crop seeds will be placed on that list.
